HONEY - GOLD EDITION

Honey with 22k edible gold

GOLD. The precious metal has antioxidant properties and helps cell regeneration and mental wellbeing. Gold is transferred through the substance c-PGA, whose strong moisturizing formula retains moisture for a healthy, smooth skin. Gold prevents premature aging drastically tackling free radicals. According to official surveys the edible gold has a positive effect on the human body, as it helps in reducing joint inflammation, has a proactive acne for every skin type, it reduces the appearance of fine lines and wrinkles, it reduces signs of aging, it evens skin tone, it makes skin look smooth and soft, fights free radicals, prevents premature aging, slows the depletion of collagen, it defies the process of human aging, increases skin elasticity, provides a golden glow and helps as a natural sunscreen, repairs damaged skin cells etc.

Historically, gold has been known for its healing, and cosmetic properties.

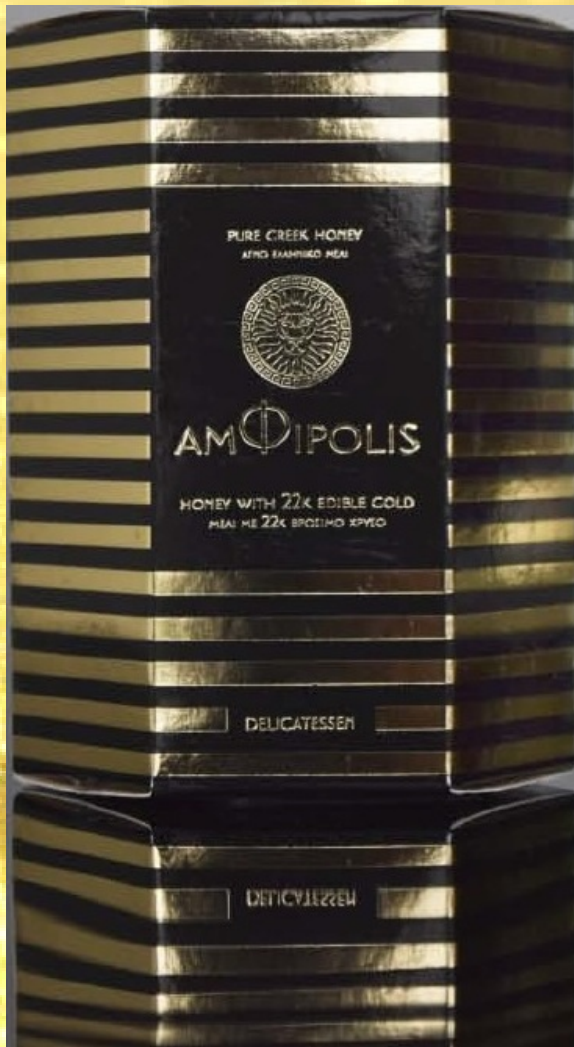

In the years of Cleopatra, pure gold was a valuable tool for maintaining youthful skin. Historians said that Cleopatra slept with a mask of gold every night!

In ancient Rome, gold salves were used to treat various skin problems.

In addition, gold is considered a drug and a key to youth in ancient China, as the queen of the dynasty Ch'ing used the gold to her face each day.

Also the czar in Russia used it to all foods and delicacies, as a collector of germs and poisons ...
